### WHAT MIGHT BE DONE.

What might be done if men were wise? In love and in life, might stand erect. And cease their scorn of one another.

All slavery, warfare, lies and wrongs, All vice and crime might die together. And fruit and corn To each man born.

Be free as warmth in summer weather. The meanest wretch that ever trod, The deepest knave in guilt and sorrow, Might stand erect In self-respect.

And share the feeling world tomorrow. What might be done? This might be done, And more than this, my suffering brother;

More than the tongue Ever said or sung, If men were wise and loved each other. —Charles Mackay.

## Special Request.

Mr. John Dinger yesterday afternoon, while leading goods at M. C. Russell & Son's, had the misfortune to break the axle of his dray.

The gross earnings of the L. and N. for the second week of June were \$500.20, an increase of \$18.25 over the corresponding week last year.

Lovers of good music were more than entertained by the concert at the Christian Church last evening, given by Miss Lida Berry, Prof. Bullett and the Maysville Orchestra.

Miss Berry and Prof. Bullett are the acknowledged musicians of the city and their concert was all that could be expected by friends who heard them on so many previous occasions. That their music is thoroughly appreciated was attested by the many who were present.

The instrumental selections were interspersed by vocal solos by Miss Hays and Mr. G. F. Smoot, and Mr. D. A. Keller rendered a trombone solo. The numbers given by Prof. Bullett's pupils on the violin showed the excellence of the instruction which they are receiving. It was one of the most enjoyable entertainments ever given in the city.

Over 2,000 Democratic Precinct Election Boards, 119 Democratic County Election Boards, and a solidly Democratic State Election Board—every one the creation of Mr. Goebel in his agent—called to the following vote cast at the election held on Tuesday, November 14, 1900.

William S. Taylor.....163,714  
William Goebel.....191,321

Taylor's Plurality.....2,533

The Goebel Law is the most fitting monument that GOEBEL could have.

BECKHAM has the same right to the Governorship of Kentucky that a "fence" has to other stolen goods.

AND still no one has come to Mayville to rehabilitate Captain LONGMIRE and to refute THE LEADER's "slanderous" article.

The real sure-enough Governors of the great states of Indiana, Ohio and Pennsylvania do not appear to be climbing over one another to "recognize" the pretender who is posing as Governor of Kentucky.

TAYLOR, on reaching the hotel at Philadelphia, asked the elevator boy to hurry him to his room. He was no doubt expecting some officer to nab him every minute.—*Bulletin*.

Evidently, he had no fear that a Mayville officer was after him.

THE LEADER is placed under many obligations to The Louisville Evening Post for fraternal courtesies. The Post is by far the leading newspaper of Kentucky, and its able and fearless exposition of Goebelism has won for it the commendation and support of all true Kentuckians.

The insincerity of the Democratic leaders on the Trust question was demonstrated in the House of Representatives when they declined to vote with the Republicans for a constitutional amendment which would have taken the evil in hand in an effective manner. The Democratic leaders don't want the Trusts destroyed. They need them for campaign material.

It is worthy of note that, although Governor TAYLOR has been under indictment for two months, and that the indictment was made public more than two weeks ago, no attempt to secure him upon requisition was made until the day previous to the meeting of the Goebel State Convention. This was another attempt bit of "sharp practice" by TOMSONDREEL; but Governor MOUNT of Indiana nipped the dirty scheme in the bud.

"Is an election to be held for the office of Governor?" forms the subject of an opinion addressed to ALLIE W. YOUNG, Chairman of the Democratic State Central and Executive Committee, by Attorneys AARON KOHN, DAVID W. BAIRD and STANLEY E. SLOSS of Louisville, in which they reach the conclusion that Governor BECKHAM's term of office as Governor does not expire until the regular election for that office in November, 1903. The question for all its probability be submitted at an early date to the Courts for adjudication, although it is not known in what particular form. Of course, there are always lawyers who can find some sort of pretext to construe law in favor of law breakers.

On the fourth page of this impression of THE LEADER is reproduced an exact copy of the certificate awarded to Governor TAYLOR by the partisan Goebel Election Commissioners. It tells its own story in words more eloquent than pen can portray. But what of the men who, after certifying that TAYLOR had "received the highest number of votes" for Governor, and was, "therefore, duly and regularly elected for the term prescribed by the Constitution," turned right around and entered into the conspiracy to rob him of that office to which they declared him elected, and to install another in his place? What a powerful sermon in this official document!
